

Andreu World Shipping Program

Andreu World offers a guaranteed shipping. This program enables the purchaser to determine shipping charges when ordering. Shipping and handling charges do not include inside delivery, installation, uncartoning or removal of cartons. For shipments outside the USA, please contact Andreu World America's customer service.

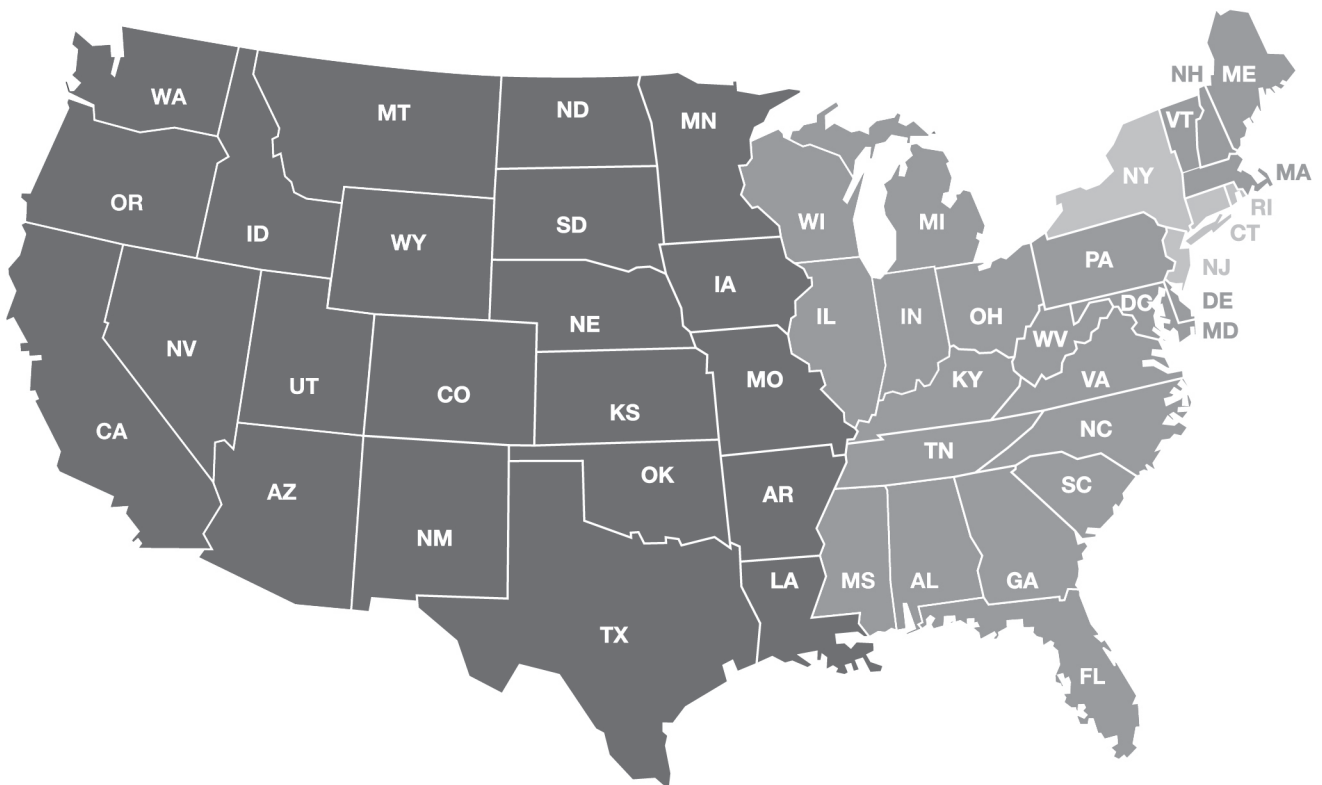

Andreu World America reserves the right to select the most appropriate FOB point, carrier, and routing on all shipments. All orders will be shipped prepaid, unless Andreu World America has been instructed to ship freight collect. The prepaid freight charges will appear on our invoice. COD shipments are available with prior authorization by Andreu World America and at the expense of the client. All delivery dates are approximate.

Andreu World America cannot guarantee the arrival time of any shipment. Upon delivery all product must be inspected immediately for correct quantity and freight damage (including concealed damages).

Freight charges quoted are for dock to dock delivery to a receiving warehouse only, and **do not** include inside delivery, installation, uncartoning or carton removal. Additional charges may apply on a per shipment basis for special requirements.

The freight amount is calculated on the total order **List Price COM**.

Freight charges are based on zones within the Continental United States with a minimum charge per zone.

Zones	Freight Cost	Minimum charge
1	4%	\$250
2	5%	\$350
3	6%	\$400
